

Delhi-NCR Data Center (NCR-1)

NCR-1 is located in Noida in Uttar Pradesh, half an hour south east of central New Delhi, in India's National Capital Region (NOI). The 69,735 ft² /200 KW carrier-neutral data center operates to the highest standards, with extensive physical security, plus a range of third-party accreditations. The facility interconnects with MUM-1 and NCR-1, thus offering the rich network, cloud and service provider ecosystems including multiple on-site carriers, all major clouds, over 200+ ISPs and three major Internet exchanges that NCR-1 provides.

“ A critically important aspect of our business case was finding a partner who not only met our renewable energy requirements but also understood what we were trying to do and could help us to achieve our goals. With Iron Mountain, we found a partner who could do all that — in ways that gave us a competitive advantage. ”

Akamai

Why choose NCR-1?

- > **Connectivity**
Diverse inter-connection fiber paths between MUM-1 and NCR-1
- > **Security**
Six-layer physical security with robust redundant design

Delhi-NCR
