

# GREEN POWER PASS

## RENEWABLES REPORTING SOLUTION

Iron Mountain Data Centers has invested heavily in wind farms and solar power plants and we're proud to say that our data centers are powered by 100% renewable energy. To share the benefits with you we worked with Future of Internet Power (FoIP), Business for Social Responsibility (BSR) and the Renewable Energy Buyers Alliance (REBA) to build a new solution.

Green Power Pass (GPP) is the first renewables reporting solution in the data center industry and has won multiple industry awards. It provides industry-endorsed, fully

transparent annual accreditation of greenhouse gas/CO2 reductions for the renewables your infrastructure consumes with us.

### WHY CHOOSE GPP?

#### SCALE TO SUIT

- > No longer any need to purchase offsets or renewable energy credits

#### FLEXIBLE OPTIONS

- > GPP will help you reach your corporate goals for sustainability, renewables use and GHG reduction

#### GREEN THE GRID

- > Join the movement to drive demand and help realize the goal of an internet powered by 100% renewable energy

“**GREEN POWER PASS** ALLOWS US TO DELIVER SERVICES TO OUR CUSTOMERS IN A **SUSTAINABLE AND SOCIALLY RESPONSIBLE WAY** THROUGH 100% RENEWABLE POWER.

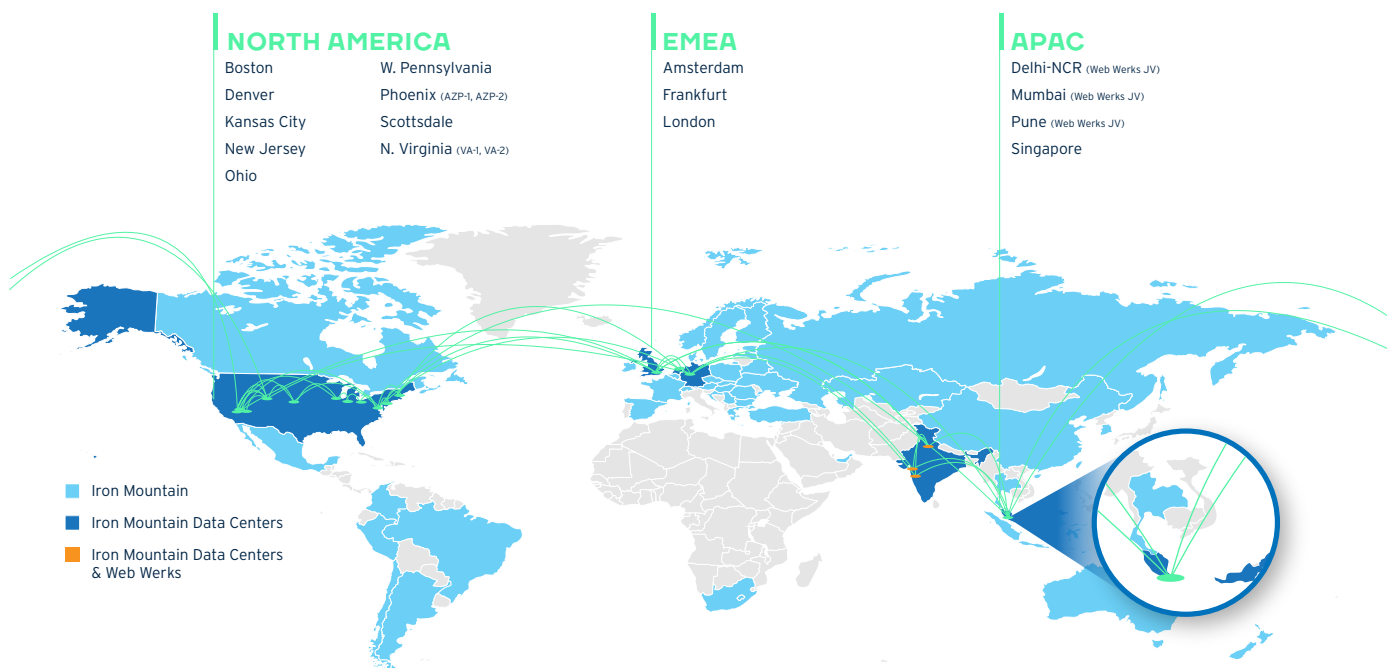

- AKAMAI

# HOW DOES GREEN POWER PASS WORK?

GPP customers receive an annual certificate of attestation validating that 100% of the green power they use at Iron Mountain Data Centers is acceptable in their reporting. In addition, you'll receive a detailed report on your power consumption with full documentation of the amount, source, and chain-of-custody of the wind, solar or other renewable energy associated with your Iron Mountain facility/facilities.

GLOBAL	COMPLIANT	CERTIFIED	EASY TO ORDER
Available to all Iron Mountain Data Centers customers, covering power consumed at IMDC facilities around the world.	Fully compliant with and built upon Business for Social Responsibility (BSR) and Future of Internet Power (FoIP) best practice: visit <a href="http://www.bsr.org">www.bsr.org</a> to find out more	Customers receive an annual certificate of attestation which ensures 100% of power consumed is eligible for reporting	Signing up is easy and efficient; just log in to the IMDC portal ( <a href="http://imdc.service-now.com">imdc.service-now.com</a> ) and submit a request.

## SUSTAINABLE SOLUTIONS FOR YOUR DIGITAL FUTURE
