IRON MOUNTAIN DEDICATED PROFESSIONAL STAFFING

Let Iron Mountain experts assist you in implementing and administering a compliant, enterprise-wide Records and Information Management (RIM) program

BUSINESS CHALLENGE

TO KEEP PACE WITH RAPID INFORMATION GROWTH AND MANAGE THE COSTS OF COMPLIANCE, LITIGATION AND STORAGE, MANY ORGANIZATIONS HAVE DEVELOPED RECORD RETENTION SCHEDULES AND COMPLIANT RIM PROCESSES. THESE INITIATIVES ARE OFTEN COMPLEX AND NOT EASILY UNDERSTOOD OR FOLLOWED BY EMPLOYEES, AND WITH LIMITED OR NO QUALIFIED RIM STAFF TO SUPPORT THE PROGRAM, EFFECTIVE ADMINISTRATION IS OFTEN UNACHIEVABLE.

HOW THIS AFFECTS YOU

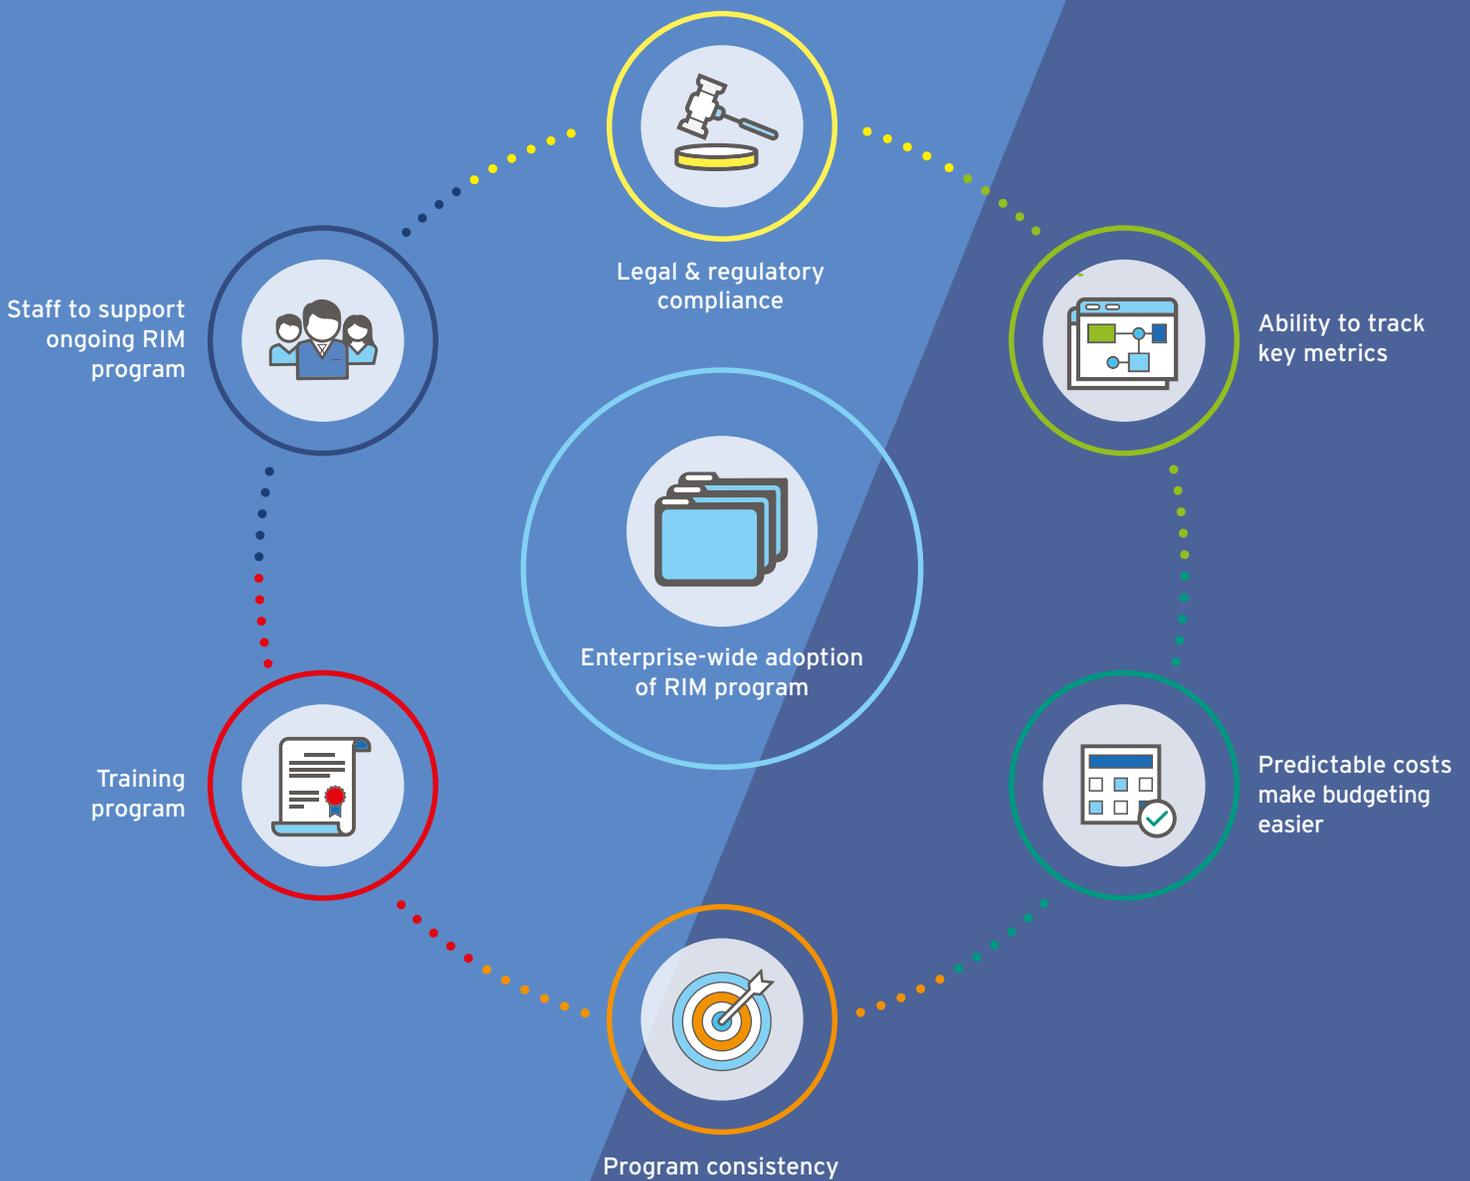

While your organization may have RIM policies and procedures in place, you may struggle to implement them effectively. Whether this is due to resource limitations or a lack of support from upper management, the result is the same: increased risk, exposure to failed regulatory audits or unfulfilled business benefits.

WHAT IF YOU COULD

- > Place screened and experienced RIM professionals in your organization – at just the right time?
- > Gain immediate expertise for managing your electronic records as well as offsite and onsite physical records?
- > Find what you need, when you need it and extract value from information through proper metadata management?
- > Fully understand your obligation to protect private data wherever you do business?
- > Be prepared for regulatory audits and legal requests by demonstrating better access, discovery and auditable tracking?
- > Reduce litigation risk and strengthen defensibility with program-driven compliance?
- > Empower your employees to be more self-reliant when it comes to managing business records?
