

Shredding Documents

IRON MOUNTAIN CONNECT™ RECORDS MANAGEMENT

T2.5.1 11.15

Shredding Documents

Use Iron Mountain Connect's Shredding Center to:

- View and manage the on- and off-site shredding services that your company contracts with Iron Mountain
- View any open orders generated by a shredding visit profile

Use this section to learn how to:

- Manage your list of Visit Profiles
- Request shredding services

Accessing Iron Mountain Connect Shredding Center

Iron Mountain Connect's home page is your single-point entry into all of Iron Mountain's business applications, including our Shredding Center.

1. Access Iron Mountain Connect via www.ironmountainconnect.com.
2. Type your Username and Password to open the home page.
3. Select **SHREDDING** from My Quick Links navigation bar.

Quickly and easily navigate throughout Iron Mountain Connect. Only functional areas you have access to are displayed.

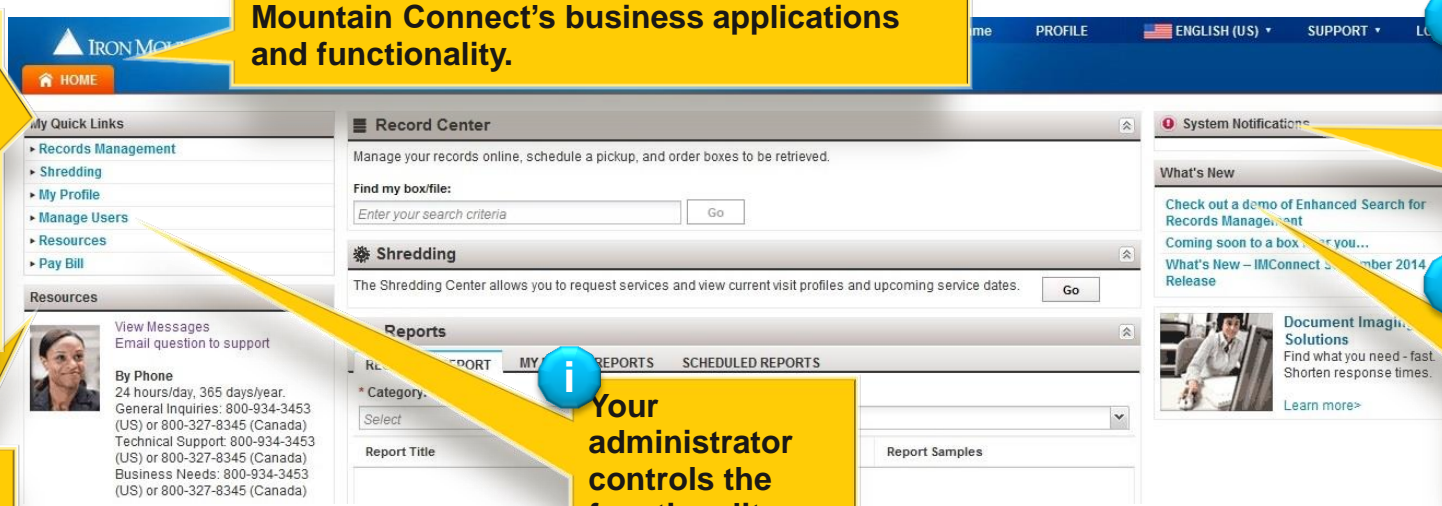

Tab screens give you quick access to Iron Mountain Connect's business applications and functionality.

Download pertinent industry articles and papers.

Your administrator controls the functionality that you have access to.

Stay apprised of scheduled system maintenance.

Learn about new features and system enhancements.

Managing Your Visit Profile

Your Visit Profile is where you view the interval and frequency of a shredding request for your site. Companies can have multiple Visit Profiles defined for the entire company, or for individual divisions or departments.

Instructions

Click Finished to save your changes and return to the Visit Profile list screen.

i This screen displays comprehensive information for the Visit Profile. Use it to verify your current services.

Use the shredding reports available in Report Center to view additional shredding information, analyze usage trends and download invoices and statements.

6 Update the contact's name and phone number. This is the only information on this screen that you are able to update.

Requesting Shredding Services

The Request Form is Iron Mountain's electronic application for shredding services. You submit an application to apply for new services and to modify existing services. The form varies based on your selection.

The screenshot displays the Iron Mountain Connect web application interface. At the top, the logo "IRON MOUNTAIN CONNECT" is visible on the left, and the user is logged in as "Welcome CUA_RC2_DELPHI_SHREDb test" on the right. Below the logo, there are navigation tabs for "HOME" and "SHREDDING". The main content area is titled "SHREDDING CENTER" and includes links for "Profile List" and "Request Form". The "Request Form" link is highlighted with a blue circle containing the number "1" and an orange callout box that says "Click Request Form." Below this, there is a section titled "Request a Shredding Service" with a form field for "* Request Type" that currently shows "Select" and a dropdown arrow. This field is highlighted with a blue circle containing the number "2" and an orange callout box that says "Select from the dropdown list of available shredding services." A larger orange callout box at the bottom right of the screenshot contains the text: "Iron Mountain's electronic application for shredding services displays. The sections included on the screen vary based on the services you select."
